

## ACTION GROUPS:

There are State Action Groups in New South Wales, Queensland, South Australia, West Australia, Tasmania and Central Victoria as well as the Barwon Region in Victoria. The Society operates a centralised system for memberships, registration and associated transactions from the Federal Office located in Canberra ACT.

Each Action Group organises its own Action Days and other promotional activities, and the elected State Representative and elected Federal Representatives form the Committee of the Society. Society Action Group Activities are covered by Insurance.
