

CALVESTON PONIES

MUNGALA EMBER 4(1)274

Sire: Corrib Park Caradoc (171)

Dam: Mungala Ceitein (1650)

Gala is purebred Connemara pony 13.2hh and rising 4 years old, has had a couple of outings to an indoor arena. Totally a no fuss pony and is happy to try new things. Never shy's, kicks, bolts, bites, really has no vices at all.

The only vice this sweet boy has is he likes to be with you all the time. Stands up nice for hoof trims and loads well on trucks and straight load floats. No need to work down after a spell, can catch him any were any time and is good to ride out by himself. Been mustering and trail rides, starting to do a bit of jumping and sporting events.

Gala has been recently put into harness and gets along like an old plod. This mighty little pony is going to be a great kid's mount for any discipline or harness pony a real naturally quiet pony. I would like to see him go to a loving family that will utilize him in all disciplines but a knowledgeable home that knows a bit about young horses. Video footage and pics available, vet checks welcome. Visit our website at www.calvestonponies.com.au
