

INSPECTION OF PONIES

To maintain our standard of excellence the Society requires all stallions and those purebred mares wishing to be registered in the International Section of the Stud Book to apply for Inspection. To be eligible for Inspection into Section 1 or 2 of the Stud Book a colt/filly must have been foal recorded with the CPBSA Inc and meet the requirements of Section 2.1(b) of the ICCPS Rules. It must not exceed 14.2hh and ponies can be Classified from 2 years of age. Owners/Lessees must be current financial [Full members](#) of the CPBSA Inc. Steps to follow:

1. Request for Inspection must be lodged with the Federal [Secretary](#) by August each year. It is suggested you contact your State Representative if you have a pony to be Classified to find out possible dates/venues of upcoming Inspections.
2. When a request is received the pony owner will receive a package containing - application form, veterinary certificate, DNA requirements, breed description and details of procedure to be followed re application.
3. Return completed Application for Inspection form with fee (\$50 for Stallions and Mares). Veterinary Certificate to be returned by Veterinarian direct to Federal [Secretary](#) as per instructions on certificate.
4. Veterinary certificate of suitability is viable for two years.
5. Measurement - if pony is close to 14.2hh limit, measurement MAY be required by Classifiers.
6. All ponies, on passing Inspection, will be required to be DNA fingerprinted and this can be undertaken before or after Inspection.
7. On receipt of your application your State Representative will arrange a date/venue for the Inspection and contact you with these details Travel and associated expenses will be incurred by owner if the owner requires Inspection other than the designated one.
8. Expectations for presentation of Pony on the day of Inspection: · able to be led out at a walk and trot and stand for Inspection · be able to be handled by Classifiers safely (pick up feet, etc) · a well presented pony (colts need to be bridled)
9. Colts will be Classified by three (3) Classifiers and fillies/mares by two (2).
10. Owners will be notified of Inspection results on the day by the State Representative or nominee. The Federal [Secretary](#) will send out a copy of the Classifiers score sheet within two weeks of Inspection. Successful ponies will then need to be Adult Registered and DNA tested.

If unsuccessful at first Inspection members may re-apply at a future Inspection following the same procedure outlined above.
