Maverick as he is affectionately known is gorgeous little colt. His nature is absolutely beautiful, he has been easy to deal with and has a no fuss attitude. His sire is just under 14.2, and his dam is 14.1hh. He has elastic movement and just floats across the ground, he is easy to catch, trim and float. Maverick has very uncommon Connemara lines, would suit someone who would like to start fresh to a breeding program, or even a new out-cross to your current mares. However he would also make a fantastic future kids pony once gelded. Currently registered with the CPBSA and is eligible for APSB. Payment Plans are welcome. He is currently in his winter woollies (Current pictures are from March 2017).

**\$3500** Price negotiable on interstate buyers. For more information and pictures, please don't hesitate to contact Chè on 0417154183 or [marglynstud@hotmail.com](mailto:marglynstud@hotmail.com).
