

TALISMAN SPORT HORSES

BRAIDWOOD NSW

Talisman Sport Horses is owned and operated by Bec Lindwall and James Broadbent. We live on a 120 acre property near Braidwood in Southern NSW, and breed and produce performance horses. We both compete on the eventing circuit with a team of horses from Intro to Advanced and currently stand four stallions including Jimmy our Connemara, Ed our Warmblood, Ringo our Thoroughbred and soon we will also be standing our Irish Sport Horse Stallion McGuire.

[Kahean Jimmy Diamond](#) is a gorgeous young Connemara Stallion packed with talent. Standing at 14.1hh he is ideal to bred the next generation of sport ponies, while he is also the perfect cross with a thoroughbred mare to produce the ultimate junior eventer or smaller performance horse. Recently broken-in Jimmy is commencing his training and has also been quiet enough for the kids to ride!!

As we both compete ourselves and also teach children and up and coming juniors, we saw the need to produce talented horses that have the ability to excel in all disciplines, but are quiet! There are too many ponies and horses out there that are just not suitable. We did a lot of research and decided that the Connemara was the perfect answer. We are looking forward to promoting the Connemara and hope to see many out and about starting in the future, allowing riders to be competitive and safe.
