

Further Notice for the 2016/17 Performance Register results

In order to ensure all results for the 2016/17 Performance Register were correctly verified, a further review of entries has been undertaken. Unfortunately this has necessitated amendment to one set of scores and consequently the results for Victoria have had to be adjusted. Kahean Snow Blossom is the recipient of the award for runner up under saddle.

We apologise for the further amendment and appreciate members' patience in difficult circumstances.

The Committee is committed to ensuring the Performance Register continues in 2017/18, providing an ongoing opportunity to recognise members and their ponies competing successfully in both breed and open classes in all disciplines. A review of the programme has been completed, the results of which will be announced in the next e-bulletin. Melanie Bouwman will be the Performance Registrar for 2017/18 and we encourage members to continue to record and submit their results.

Please note that any ponies that have unverified results, are still able to obtain verification and submit results for the medallions. There is no time limit on point accumulation for medallion awards.

Again, we thank members for their patience and continued support and congratulate all ponies and their owners who have been successful this past year. The awards are currently being ordered and will be forwarded by mail as soon as they are ready.

CPBSA – PERFORMANCE PONY OF THE YEAR 2016/17
